

PBFT USB Upgrade Kits

Upgrade your older yet reliable PBFT. Bring it up to date by upgrading to GPD Global's latest version of FORCEWare™ Software and SPC for these operating systems: Windows 10 Pro/8 Pro/7 Pro on either a desktop or notebook computer utilizing USB Specification 2.0.

Upgrading is simple. Just plug in the hardware to your PBFT, computer, and power source as shown below and install the software following instructions included in the *PBFT VS SPC User Guide*.

Kit shown (PN PBT-118-4) includes all 3 cables

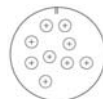

Pick a Kit: Which upgrade kit fits your older PBFT systems? Just match the connector located on the left side panel of the PBFT with one of the connectors shown below.
